

LARGE MUNICIPAL WATER UTILITY

ABOUT THIS CASE

A municipal water treatment plant struggled to find qualified senior water treatment operators and was worried of overworking their existing operators. **waterTALENT** was hired to provide a Water Treatment Supervisor to support treatment plant operations and provide on-call support for after hours calls.

POSITION

- Water Treatment Supervisor

POSITION DETAILS

- Monitored and supervised operation of a 50 MGD conventional water treatment plant.
- Provided full-time support followed by monthly on-call, after-hours support to provide operator relief.

OPERATOR EXPERIENCE

- 25 years experience
- Former position: Chief Utilities System Operator
- Certified at highest-level for water treatment operations.

DURATION

- 5+ months or until suitable replacement identified.

AFTERMATH

Ongoing, as City conducts full-time recruitment and a compensation study.
